

“Dialogue from Coast to Coast” is a live program transmitted from Monday through Friday, 12:00 to 12:30 a.m., through diverse cable services in the United States. In order to ask for HITN-TV you can call your cable company or call 1 (800) OK-CABLE, which is: 1(800) 652-2253.

Malin Falu teaches courses and conferences about Reiki. For more information on consultations for individual companies and individual therapies, please call (212) 749-5364, send an email to: malinfalu@onebox.com, or a letter by regular mail to: P.O. Box 20516, New York, NY 10025.

YFCM: Returning to the media subject, what is the HITN TV objective?

MF: Well, this is a TV station – the philosophy is to educate, and for that reason the slogan is HITN, “the channel that educates and entertains.” Hispanic Information and Telecommunications Network, Inc. (HITN, Inc.) was formed in 1983 as a private organization without the aim of profit and with the objective of creating a network of telecommunications that promoted educative, social, cultural and economic issues for the advancement of our resident Hispanic community in the United States and Puerto Rico. Nowadays, HITN-TV continues being the first and only mass media with high educative and cultural content that, enriches and entertains the ethnic group with the greatest growth in the country. Through its programs we show many cultural activities for the community: concerts, crafts, dance, exercises, and more.

Dialogue from Coast to Coast is a program that informs and educates our public about diverse subjects such as social types, economic, legal services, health, Latin America, culture, family, and immigration, among many others. Our program is a source of aid in general for all those who want to better themselves, improve their present situation, and succeed in this country. ■
